

# ***“Alternative” Alternative Gift Market***

*Des Moines Intentional Eucharistic Community (DMIEC) annually hosts a live Alternative Gift Market. Multiple non-profits have joined us in the past, with the market growing to about 15 participating organizations prior to the pandemic. Due to COVID-19, we are again unable to host a live Market this year. However, we are pleased to present the return of an “Alternative” Alternative Gift Market featuring many of the charitable organizations who normally have booths at the live Market.*

*The attached resource document includes important information about the mission, purpose, and contact information for each participating organization. Please make donations/purchases directly with each organization. (If possible, when sending a check, please put “DMIEC” in the memo line to help us track donations made through the Market.)*

*Please continue to support these worthy organizations as you are able in an effort of solidarity to improve the lives of our brothers and sisters locally, nationally, and globally.*

*Any questions? Contact Cindy Mumm, 515-657-1667*

## Self-Help International

Self-Help International (SHI) is an Iowa-based organization dedicated to alleviating hunger by helping people help themselves. SHI alleviates hunger through systemic interventions that improve household food security for low-income rural families in Ghana and Nicaragua. SHI's overseas teams are led by in-country nationals who partner with local community leaders to design and implement interventions to improve agricultural production to increase food and nutrition security, to support women's economic empowerment, to improve nutrition among children in the first 1000 days, and to access clean water to keep vital nutrients in the body. SHI is a 501(c)(3) nonprofit. Tax ID 42-0844679. Donations are tax deductible.

- **Give the gift of clean water:** Safe water and sanitation are essential for protecting human health during COVID-19. However, only 52% of Nicaraguans use safely managed drinking water services. Sponsor clean, safe drinking water for the 246 families of Melchorita and El Espavel to improve the entire community's health, enable the children to spend time in school — not the health clinic — and empower their parents to live healthier, more productive lives. Learn more and donate at <https://www.globalgiving.org/microprojects/help-861-people-in-nicaragua-access-sanitary-water/>
- **Give where most needed:** Undesignated donations allow us to respond quickly and flexibly to address changing needs in the ongoing pandemic. Donate at <https://www.selfhelpinternational.org/donate/> or mail checks to Self-Help International at 207 20th St. NW, Suite A, Waverly, IA 50677. *Donate directly to SHI by November 30 to double your impact!*

## ***Water Is Life: Sister Water Project, Sisters of St. Francis***

The mission of Sister Water Project is to bring safe water to villages in Tanzania and Honduras. One in 10 people in the world do not have access to clean water. In Honduras, 80% of all illness is caused by impure water. In Tanzania women are adversely affected by time spent fetching water, which keeps them out of school and productive employment. Despite completing many wells and water projects in these two countries, the continued need is immense, the challenge remains, and the Sisters of St. Francis' commitment to their mission statement of "living in right relationship with all of creation" is unwavering. One hundred percent (100%) of donations to the Sister Water Project go toward materials, transport, and labor for water systems in Honduras or Tanzania. Donations are accepted and tax deductible. Sisters of Saint Francis pay for administrative costs from a separate fund.

## Des Moines Area Religious Council (DMARC)

The Des Moines Area Religious Council (DMARC) is an interfaith organization with a mission of working together to meet basic human needs for the greater Des Moines community. This year, the DMARC Food Pantry Network commemorates its 45<sup>th</sup> anniversary.

The DMARC Food Pantry Network consists of 14 partner pantry sites, 30+ mobile food pantry locations, two food warehouses, and numerous community partners. The DMARC Food Pantry Network is committed to providing healthy food options and fresh produce to the people we assist. Last year, DMARC assisted over 58,000 unique individuals living with food insecurity in Greater Des Moines.

DMARC could never do the work of feeding so many people without the partnership of many diverse faith communities. Nearly 200 faith communities from across the religious spectrum support DMARC with cash support, donations of food, and service. Because we can do so much more together than we can on our own, DMARC has a commitment to helping our faith communities learn about one another and build relationships.

DMARC is a registered 501(c)3 organization, and donations are tax deductible. Because DMARC purchases food in bulk directly from wholesalers, your dollars can go much further purchasing food through DMARC than at the grocery store.

## Advent Peru Mission Support

Prior patrons of DMIEC's Alternative Gift Market may recall the Ñaña Knitting Cooperative, a group of Peruvian women who left their homes in small mountain villages hoping to find better opportunities in the city. They live in the impoverished settlement of Alto Cayma on the outskirts of Arequipa, Peru. Due to the continuing global pandemic, we are again unable to offer their beautiful alpaca knitted goods, but you can still help support their community.

**Advent Peru Mission Support** is a nonprofit that has provided food, medical care, help with education expenses, and so much more for needy families and the elderly in Alto Cayma since 2003. The needs there became even more dire with the onset of the Covid crisis when Peru was put under a hard lockdown that prevented people from leaving their homes to work. While conditions have improved somewhat, the needs are still great. The organization continues to focus its efforts predominantly on people's most basic need for food. Additional funds are urgently needed for this food relief effort.

**Donations** are tax-deductible. Checks should be made to **Advent Peru Mission Support** with **Emergency Relief Fund** in the memo line. Mail to Martha Fifield, 2004 44<sup>th</sup> St., Des Moines, IA 50310.

## Greater Des Moines Habitat for Humanity

Seeking to put God's love into action, Greater Des Moines Habitat for Humanity brings people together to build homes, communities, and hope. Founded on the conviction that every person should have a decent, safe, and affordable place to live, GDM Habitat seeks to transform neighborhoods and build brighter futures through affordable homeownership and owner-occupied repair.

**Homeownership:** Families apply for partnership based on three criteria: need for housing, ability to pay, and willingness to partner. Partner families complete 300-400 hours of sweat equity, including Habitat homeownership program education. At closing, families purchase their home through an affordable mortgage.

**Rock the Block® Home Repair:** Brings low-income residents with owner-occupied repair needs together with organizations and volunteers for maintenance, weatherization, safety, accessibility, and beautification.

**Housing Counseling & Financial Education:** Opportunities for one-on-one counseling and group classes focused on homebuyer education and financial literacy. GDM Habitat staff focus on learning real world application of concepts, and the program is designed for participants of all skill levels to reach their goals.

**The Need:** One in eight households in Polk County spend more than half of their income on housing, making them severely cost-burdened. And the need for affordable housing continues to grow as our workforce grows. In the next twenty years, Polk County alone will need to add 57,000 net new housing units to accommodate the net new workers in the region. Of these, more than 33,000 units will need to be new owner-occupied. More than half of the demand for owner-occupied homes is for homes priced below \$175,000.

**Why GDM Habitat?** Over the last 34 years, GDM Habitat has been on the forefront of addressing affordable housing in Des Moines and surrounding areas. Since 1987, more than 400 families have had the opportunity to purchase a safe, affordable place to live, and 2,000 families have been helped to stay in their homes. GDM Habitat continues to create, preserve, and champion homeownership affordability.
